

## Lord Baron Woodfired Ovens

Lord Baron Woodfired Ovens are unique to most other ovens due to their Quality, craftsmanship, durability, exceptional Look, finish and presentation.

- Suitable for large or small families, restaurants, hotels. Provide great entertaining atmosphere for family and friends.
- Easy installation inside or outside.
- Can be free standing, built around or fitted into block work.
- Easy to use, operate and keep clean.
- Suitable for cooking almost any kind of food like a conventional oven or BBQ, (Roasts, seafood, pizzas, bread baking etc.) giving a unique natural taste and flavour to your food.

## Quality:

- Lord Baron Woodfired ovens are of exceptional quality and craftsmanship made from 6mm thick pressed steel body in matt black with high quality "refractory" firebricks inside and polished stainless steel on the sides outside.
- Steel sprung heat resistant handles
- Easy to read temperature gauge.
- Portable and easy to move with heavy duty stand and lockable wheels.
- Separate fire and oven chamber prevents ash in food and provides a constant and stable surround heat throughout oven so all your food cooks evenly and affectively.
